HAWAII FIVE-O
“McGarrett’s put away a lot of guys,” says *H50* exec producer Peter Lenkov, promising tough times for the cop behind bars, “and you’ll see a familiar face from the first season.”

SNEAK PEEK

THE MENTALIST
New friends for Patrick Jane? “He’ll have to raise bail money in jail,” says *The Mentalist* creator Bruno Heller, “so look for him to be hanging out with the bad guys.”

HOUSE
“She’s someone in the system who could turn into a potential ally,” *House*’s Laurie says of prison clinic (and possible Princeton-Plainsboro) doc Jessica Adams (Odette Annable).

Contents August 29–September 11, 2011

Get ready to visit some favorite prime-time players in the big house! Both *Hawaii Five-O*’s Steve McGarrett (Alex O’Loughlin) and *The Mentalist*’s Patrick Jane (Simon Baker) are charged with murder when their fall seasons begin, whereas Dr. Gregory House is locked up after ramming a car through his ex-girlfriend’s dining room. “I’m in jail as I damn well should be!” says Hugh Laurie, whose character has been locked up a couple months when *House* premieres. (“Not a slap on the wrist,” he notes.) Just don’t expect the three to share a cell. “That would be pretty cool,” jokes *H50* exec producer Peter Lenkov, “if they all bumped into each other.” (For more sneak-peek pics, see page 8.) —William Keck and Michael Logan
